PART 2 – COMPLIANCE WITH PRINCIPLES OF DECISION MAKING

2.1 Finance and other resources

The proposal does not have direct financial implications. However, the completeness of this list is important in recognising the extent of indemnity cover required and ensuring the recognition of all potential liabilities the Council is committed to.

2.2 Legal

The Cabinet has the power to make appointments to outside bodies which exercise executive functions (Article 6 of the Council's Constitution).

The appointment of a Member to an outside body may create liabilities for the Member (personally) and the Council (corporately). It is important that Members in the discharge of their responsibilities on outside bodies act in good faith and within the powers and responsibilities of the outside body. Members will normally be indemnified under the Council's adopted scheme of indemnification for any liabilities that flow from their appointment to an outside body. To ensure that Members benefit from the scheme of indemnity, Members should seek prompt advice from officers should they consider that they have any conflict of interest in discharging their duties on an outside body or if they are concerned that the body may be acting in a potentially unlawful way. A guidance note in relation to personal liability of members serving on outside bodies is attached to this report for Members' information.

2.3 Consultation/community engagement

Consultation has taken place with the Elected Mayor.

2.4 Human rights

There are no direct human rights implications arising from this report.

2.5 Equalities and diversity

The Council makes appointments to outside bodies which work within the requirements of equality legislation and, where applicable, the public sector equality duty.

2.6 Risk management

Any risks associated with appointing Council representatives to serve on outside bodies are set out in the guidance note attached to this report.

2.7 Crime and disorder

The Council makes appointments to outside bodies which seek to reduce crime and disorder.

2.8 Environment and sustainability

The Council makes appointments to outside bodies which seek to enhance and protect the local and national environment
