PART 1

1.1 Executive Summary:

The purpose of this report is to seek Cabinet's approval to the proposed response to the recommendations of the Attention Deficit Hyperactive Disorder (ADHD) Sub-Group in relation to its study into the provision of support for ADHD in North Tyneside.

In accordance with Section 21B of the Local Government Act 2000, Cabinet is required to provide a response to the recommendations of the ADHD Sub-Group within two months. In providing this response Cabinet is asked to state whether or not it accepts each recommendation. Cabinet must also indicate what action, if any, it proposes to take.

1.2 Recommendation:

It is recommended that Cabinet agree the proposed responses to the recommendations from the ADHD Sub-Group, as shown in Appendix 1 to this report.

1.3 Forward plan:

Twenty eight days notice of this report has been given and it first appeared on the Forward Plan that was published on 12 December 2016.

1.4 Council plan and policy framework:

The report supports the Our People theme in the Our North Tyneside Plan, in particular:

- Be ready for work and life – with the skills and abilities to achieve their full potential, economic independence and meet the needs of local businesses.

- Be healthy and well – with the information, skills and opportunities to maintain and improve their health, wellbeing and independence.

1.5 Information:

- 1.5.1 On 16 February 2015, the Children, Education and Skills Sub-committee considered a report produced by the Authority's Disability and Additional Needs Service which provided an update on ADHD, detailed the recommendations of the clinical guidelines produced by the National Institute for Health and Clinical Excellence (NICE) and provided some local context and information with regards to provision in North Tyneside. The sub-committee agreed to establish a Sub Group in the 2015/16 Municipal Year to examine the support provided for children with ADHD and their families.
- 1.5.2 The focus of the study was to be the support provided for children with Attention Deficit Hyperactivity Disorder (ADHD) and their families with the objective of scrutinising current services available for those diagnosed with ADHD, across both social care and health, and to make recommendations on how the current provision could be improved.
- 1.5.3 The Sub Group met on a number of occasions to receive information and discuss their findings and also met with officers from the local authority. To gain an understanding of the services available in the borough the Sub Group also met with parents, teachers, Special Educational Needs Co-ordinators and health professionals.
- 1.5.4 The Overview, Scrutiny and Policy Development Committee received the report on 7 November 2016 and approved the recommendations for submission to Cabinet for consideration.
- 1.5.5 Cabinet has a statutory duty to respond to the Overview, Scrutiny and Policy Development Committee's recommendations within 2 months of receiving them. In providing its response Cabinet is asked to provide reasons for any recommendations which are not approved.

1.6 Decision options:

The following decision options are available for consideration by Cabinet:

Option 1

Cabinet accepts the recommendation set out in paragraph 1.2 above.

Option 2

Cabinet does not accept the recommendation set out in paragraph 1.2 above, and provides an alternative response to the Overview, Scrutiny and Policy Development Committee at the meeting.

Option 1 is the recommended option.

1.7 Reasons for recommended option:

Option 1 is recommended in order to improve and develop support for families of children with ADHD.

CAB117/01/17 Cabinet response to Scrutiny Report on Support for Attention Deficit Hyperactivity Disorder in North Tyneside (All Wards)

Cabinet considered a report seeking approval to the proposed response to the recommendations of the Attention Deficit Hyperactive Disorder (ADHD) Sub-Group in relation to its study into the provision of support for ADHD in North Tyneside.

On 16 February 2015, the Children, Education and Skills Sub-committee considered a report produced by the Authority's Disability and Additional Needs Service which provided an update on ADHD, detailed the recommendations of the clinical guidelines produced by the National Institute for Health and Clinical Excellence (NICE) and provided some local context and information with regards to provision in North Tyneside. The sub-committee agreed to establish a Sub-Group in the 2015/16 Municipal Year to examine the support provided for children with ADHD and their families.

The focus of the study was to be the support provided for children with Attention Deficit Hyperactivity Disorder and their families with the objective of scrutinising current services available for those diagnosed with ADHD, across both social care and health, and to make recommendations on how the current provision could be improved.

The Sub-Group met on a number of occasions to receive information and discuss their findings and also met with officers from the local authority. To gain an understanding of the services available in the borough the Sub-Group also met with parents, teachers, Special Educational Needs Co-ordinators and health professionals.

The Overview, Scrutiny and Policy Development Committee received the report on 7 November 2016 and approved the recommendations for submission to Cabinet for consideration.

The Elected Mayor thanked the Sub-Group for the report and welcomed any improvements to support services for children with ADHD and their families.

The following decision options were available for consideration by Cabinet:

Option 1: Accept the recommendation as set out in Section 1.2 of the report.

Option 2: Reject the recommendation as set out in Section 1.2 of the report, and provide an alternative response to the Overview, Scrutiny and Policy Development Committee at the meeting.

Resolved that the proposed responses to the recommendations from the ADHD Sub-Group, as shown in Appendix 1 of report, be approved.

(Reason for decision - In order to improve and develop support for families of children with ADHD.)
