## Commentary:

A 2 form entry Primary School.
Cullercoats Primary School is projected to see a reduction across the whole school equal to half a form of entry.
If Kings Priory were to admit to 90 in reception then Cullercoats Primary could expect to see a $6 \%$ decline in pupil numbers.
This equates to $83 \%$ of a form of entry across the school.

Commentary:

| A 2 form entry Primary School |
| :--- |
| King Edward primary School is projected to see a reduction across the whole school equal to a third of a form |
| of entry. |
| If Kings Priory were to admit to 90 in reception then over 5 years the projected pupil numbers at King Edwards |
| could be expected to decline by $8 \%$. |
| This will be equivalent to 1 form of entry across the school. |
