

## **Appendix 2 - Consultation outcomes**

### **Background**

The consultation exercise commenced on 14<sup>th</sup> October 2014 and ended 9<sup>th</sup> November 2014.

Consultation information was made available at Children's Centres, libraries and Customer Service Centres.

The Community and Voluntary Sector as well as Housing Associations in the borough were also made aware of the consultation exercise.

### **Results**

There were 98 people submitted a consultation response:

- a) 71 people were in favour of keeping the current level of 93% of Council Tax liability available for support for working age claimants,
- b) 17 people were in favour of reducing the level of support for working age claimants,
- c) 10 people were in favour of increasing the level of support for working age claimants.

Of the 98 respondents, the greatest number of respondents (71) are in favour of keeping support for working age claimants based on 93% of Council Tax liability.
