

## 2015/16 Proposed Local Infrastructure Projects by Ward

Ward	Infrastructure-Proposals	Ownership	Responsibility	Impact
<b>Longbenton</b>				
	<b>West Farm Wynd and Kestrel Way (adjacent to the bungalows);</b> a similar parking solution to that applied at Newburn Way would be useful	Council	Housing Property Services	The scheme will help maximise parking within the designated areas providing off street parking for residents and improve traffic flow and access for emergency vehicles. Evidence of need has not fully been established and the appropriateness of the solution has a medium impact. The cost verses benefit is deemed acceptable.
<b>Killingworth Ward</b>				
	Fencing request to stop vehicles using the pathway at 108 Garth Twenty Seven.( Some Dialogue already with Steve Mill Housing- Issue raised initially by Cllr Linda Darke via ME)	Council	Housing Property Services	The scheme will help improve the quality and appearance of the area. Evidence of need has been established and the appropriateness of the solution has a high impact. The cost verses benefit is deemed good.
<b>Battle Hill Ward</b>				
	<b>The cement tube in Blandford Avenue;</b> you would like to see this removed and the area resurfaced	Council	Housing Property Services	The scheme will help improve the quality and appearance of the area. Evidence of need has not fully been established and the appropriateness of the solution has a medium impact. The cost verses benefit is deemed acceptable.
	<b>The “boat” at Bolin Close;</b> you would like to see this removed and the area resurfaced	Council	Housing Property Services	The scheme will help improve the quality and appearance of the area. Evidence of need has not fully been established and the appropriateness of the solution has a medium impact. The cost verses benefit is deemed acceptable.
	<b>Brick Planters;</b> we spoke about a couple of specifics but especially the example between the houses and the community centre. You were keen to see a comprehensive programme to remove or tidy up the planters.	Council	Housing Property Services	The scheme will help improve the quality and appearance of the area and remove the need for future maintenance. Evidence of need has not fully been established and the appropriateness of the solution has a medium impact. The cost verses benefit is deemed high.
