

North Tyneside Health & Wellbeing Board Report Date: 15 September 2016

ITEM 11

Title: Health and Social
Care Integration
Programme Board Update

Report from : Health and Social Care Integration Programme Board

Report Author: Ian Lane, Improvement Manager, North Tyneside Council. (Tel: 0191 643 7058)

1. Purpose:

To provide the Health and Wellbeing Board with an update on the work of the Health and Social Care Integration Programme Board along with updates from the four work streams; New Models of Care and Older People, existing work streams; SEND / Whole Life Disability and Mental Health Integration Board, new work streams. The update provides an opportunity to identify areas for celebration and challenges.

2. Recommendation

The Board is asked to note the updates from three of the work streams of the Health and Social Care Integration Programme Board. The fourth update was not available at the time this report was written.

3. Policy Framework

This item relates to chapters 6 and 8 of the Joint Health and Wellbeing Strategy 2013-18.

4. Information:

4.1 Background

The Health and Social Care Integration Programme Board oversees progress of the North Tyneside Health and Social Care Integration Programme's four work streams:

- New Models of Care (Lead – Lesley Young-Murphy)
- Older People (Lead – Lesley Young-Murphy)
- Mental Health Integration Board (Lead – Ruth Evans)
- SEND / Whole Life Disability Board (Lead - Scott Woodhouse)

The Board coordinates the reporting of progress of these four work streams to the Health and Wellbeing Board (HWBB).

The Health and Social Care Integration Programme Board works with work stream leads to assure itself that the views and experiences of local communities, the public and patients and users of services are reflected in system and service changes.

4.2 Current Position

Since the last Health and Wellbeing board meeting the Integration Programme Board has met on one occasion (16/8/16). The board aims to meet once in between each Health and Wellbeing board meeting.

4.3 Key reporting highlights from the Integration Board meeting in August 2016

Older Peoples Board (Lesley Young-Murphy)

Intermediate care seeks to enable full and proper access to rehabilitative care before decisions about longer term care and support are made. Following the review of these services by the Older People's Board, a new model of delivery has been agreed which will see 20 beds commissioned from Prince's Court Care Home operated by Akari Care, along with existing capacity from the Ward 23 at North Tyneside General Hospital.

Access to intermediate care services will be coordinated through a new single point of access, CARE Point, from North Tyneside Council, North Tyneside CCG and Northumbria Healthcare NHS Foundation.

New Models of Care (Lesley Young-Murphy)

Evaluation of the Care Plus pilot continues but does require further time to increase referral rates to properly assess the full cost benefit of the approach. To this end the pilot will be extended from Whitley Bay to include GP practices in North Shields.

Feedback from the pilot has been very positive with patients experiencing reduced medication, enhanced care plans and self reporting that they are 'feeling better'.

IT is still a challenge for the pilot but this is a national issue related to interoperability issues across multiple systems.

SEND / Whole Life Disability (Scott Woodhouse)

This is a new board which has had three meetings to establish its priorities. Initial work is looking at bringing together the Local Authority's Community Learning Disability Team, the Children with Disability Team and people working with adults who have a physical disability. Work has also been undertaken on preparing for a new Ofsted inspection framework for Special Educational Needs and Disability.

Mental Health Integration Board (Scott Woodhouse)

The Mental Health and Wellbeing strategy was signed off at the July 2016 Health and Wellbeing Board meeting. A five year action plan has been agreed by the Mental Health Integration Board and updates on progress will be available for the next meeting of the Integration Programme Board.

5. Decision options:

Not applicable as this report is for information only.

6. Reasons for recommended option:

Not applicable.

7. Appendices:

Programme Board updates for three of the four work streams are attached

8. Contact officers:

New Models of Care - Lesley Young-Murphy - Executive Director of Nursing & Transformation - North Tyneside Clinical Commissioning Group – 0191 293 1146

Older People – Lesley Young-Murphy - Executive Director of Nursing & Transformation - North Tyneside Clinical Commissioning Group – 0191 293 1146

9. Background information:

The following background documents have been used in the compilation of this report and are available from the author:

- Integration Programme Board minutes of previous meetings and terms of reference
- Programme Board updates received for the work streams.

COMPLIANCE WITH PRINCIPLES OF DECISION MAKING

10 Finance and other resources

There are no additional financial implications for the Council or its partners in terms of updating the activity of the work streams.

11 Legal

There are no legal implications directly arising from this report.

12 Consultation/community engagement

The Integration Programme Board has representation from Healthwatch North Tyneside. The individual work streams each have representation from the voluntary and community sector. In addition each work stream has responsibility for undertaking its own engagement work and reporting on this to the Integration Programme Board. An update on the engagement work of each work stream is detailed in the attached update documentation.

13 Human rights

There are no human rights implications directly arising from this report.

14 Equalities and diversity

There are no equalities and diversity implications directly arising from this report.

15 Risk management

The purpose of this report is to appraise the Health and Wellbeing board about what is happening locally. There are no direct risk management implications as a result of this report.

16 Crime and disorder

There are no crime and disorder implications directly arising from this report.
