

**Tyne Port Health Authority
Report to the Joint Board
Date: Tuesday 2 February 2016**

Reporting Officer: Stephen Taggart
Chief Port Health Officer

Contact Details: Tel: 0191 6436654
Email:- steve.taggart@northtyneside.gov.uk

Subject: Operational Summary 01/09/15 - 31/12/15

PART 1

1.1 Purpose:

The purpose of this report is to inform the Joint Board of activity during the period 01/09/15 – 31/12/15

1.2 Recommendation

It is recommended that the Joint Board note the report.

2.0 Information

2.1 Operational Summary

Ship Arrivals and Inspections

Cargo ship arrivals and cruise traffic at the port remains stable and a breakdown of shipping trends over the last 10 years is set out in **Appendix 1**.

Shipping is inspected either on request (usually due to impending expiry of ship sanitation certification) or in accordance with the authorities policy of prioritising inspections using a risk based approach as set out in the annual service plan.

Summary of ship sanitation inspections

Inspections	Ship Sanitation Control Exemption Certificates issued	Ship Sanitation Control Certificates issued
13(22)	13(22)	0(0)

* figures for the same period the previous year shown in brackets.

Summary of other inspections/boardings of ships

Arrivals	Inspections	Major Defects found	Minor Defects found	Revisits/Referrals
441(486)	31(73)	0(0)	14	4

* figures for the previous year shown in brackets.

* last 2 columns not previously reported.

No major defects were found and all minor defects were remedied in port. A large number of minor defects reported related to inadequate ship provisions. A number of vessels were found to have inadequate fresh food to last until the next port of call and were required to take on board extra provisions at the port. No matters required referral to the Maritime & Coastguard Agency or the next port of call for follow up action.

Imported Food

Official controls, which involves documentary checks and 10% sampling, are carried out on all third country imports of certain specified foods and plastics entering the port.

Summary of official controls on imported food and plastics

	Number of Consignments	Document Checks	ID Checks	Samples Physical Checks	Satisfactory	Unsatisfactory
Tea from China (669)	23(12)	23(12)	1(5)	3(1)	3(0)	1(0)
Organic Tea	5(3)	5(3)	0(0)	1(0)	0(0)	1(0)
Other Food	0 (14)	0(3)	0(0)	0(0)	0(0)	0 (0)
Plastics	0(1)	0(1)	0(1)	0(0)	0(0)	0 (0)

* figures for the previous year shown in brackets.

Four samples were taken and analysed for pesticide residues during the period. Three samples related to tea from China (669) and all results of analysis were satisfactory.

One further sample was taken from a consignment of organic tea. Results of the organic tea sampling found traces of pesticide and whilst the levels were not deemed to be harmful, the tea cannot be marketed as organic with any traces of pesticide. The

consignment is detained awaiting a decision by the importer to either market the tea as non-organic, or possibly to re-export.

Water Supply

44 Samples of drinking water were taken from 17 vessels for bacteriological analysis. Samples are taken routinely as part of some ship sanitation and other ship inspection, and also on request or in response to concerns.

4 samples of drinking water were taken from sites and hydrants in the port area during the period.

Summary of water sampling activity

Vessels sampled	Total samples from vessels	Hydrants sampled	Satisfactory	Unsatisfactory
17(18)	44(72)	4 (5)	32(65)	12(12)

* figures reported the previous year shown in brackets.

There were a number of unsatisfactory samples taken during the period but all follow up samples were found to be satisfactory and no remedial actions were necessary.

Income from official controls and other chargeable activity

The table of charges for 2015/16, approved by the Joint Board is set out in **Appendix 2**.

Ship Sanitation Inspection	Other (Food & Plastics Imports and Water Sampling)	Total
£3455 (£6090)	£2736	£6191 (£6090)

* figures for the same period the previous year shown in brackets. No figure indicates not previously reported.

Income from official controls was higher than expected due to receiving a large number of Common Entry Documents for verification and a number of formal samples of tea falling within the period

Other Activity

5 vets from the European Union Food & Veterinary Office visited the fish market and two processing establishments in North Shields in December as part of a week long fact finding mission in the UK to evaluate the application and enforcement of regulations relating to the traceability and labelling of fishery products.

Environmental Health Officers from North Tyneside Council representing both the council and the Tyne Port Health Authority accompanied the officials on the visits and were questioned in depth on policies and procedures for carrying out inspections of premises and fishery products from first

landing to retail sale. Representatives from the Food Standard Agency and Marine Management Agency were also in attendance.

The visit to the UK was the first in a series to be conducted in 5 other member states. A full report on the findings of the mission will be made to the FSA in approximately 3 months time.

3.0 Decision Options

This is an information only report.

4.0 Appendices:

Appendix 1 – Shipping trends at the Port of Tyne

Appendix 2 – Table of Charges

5.0 Contact Officers:

Stephen Taggart, Chief Port Health Officer – Tel: 0191 643 6654

6.0 Background Information:

There are no background papers to this report.

PART 2 – COMPLIANCE WITH PRINCIPLES OF DECISION MAKING

1.0 Finance and Other Resources:

There are no direct financial implications arising from this report.

2.0 Legal:

There are no direct legal implications arising from this report.

SHIPPING TRENDS SINCE YEAR 2005

YEAR	ARRIVALS	INSPECTIONS	DEFECTS
2005	2214	406	32
2006	2048	316	24
2007	1940	303	30
2008	1772	310	52
2009	1479	195	24
2010	1669	269	13
2011	1928	284	17
2012	1850	357	22
2013	1548	234	2
2014	1466	233	10

CRUISE SHIP ARRIVALS

2006	2007	2008	2009	2010	2011	2012	2013	2014	2015
19	23	29	23	20	38	33	31	31	36

Ship Inspection Charges – for Ship Sanitation Control Certificates

The Tyne Port Health Authority has adopted the table of charges set by the Association of Port Health Authorities for Ship Sanitation Control Certificates and Ship Sanitation Control Exemption Certificates.

SHIP INSPECTION CHARGES – 2015/16

Gross Tonnage	Charge
Up to 1,000 (new band)	£76
1,0001 to 3,000	£112
3,001 – 10,000	£172
10,001 – 20,000	£228
20,001 – 30,000	£290
Over 30,000	£345
Extensions	£50

These charges will apply to all vessels with the exception of:

Vessels with the capacity to carry between 50 and 1,000 persons - £345

Vessels with the capacity to carry more than 1,000 persons - £595

Water Sampling

There is no charge for water samples taken as part of official controls including ship sanitation inspection or as part of routine water quality monitoring.

Water sampling carried out on request will be subject to the following charges

Water Sample	Pro rata £26.00 per hour* plus analysts fees where applicable**
--------------	---

*includes travel time to and from courier dispatch point.

**analyst fees are not always incurred and will vary depending on type of analysis requested.

Plastic Kitchenware

The following charges will apply to consignments subject to official controls, that is, imports of polyamide and melamine kitchenware falling within CN code 3924 10 00 originating or consigned from China or Hong Kong.

Check, Countersign and Issue of Common Entry Document (CED)	£46.00*
Formal Sample (10%)	Pro rata £26.00 per hour** plus analysts fees***

*discount will be applied to multiple CEDs in a single consignment.

**excludes any port handling fees charged direct by Port of Tyne.

***analysts fees currently approx £420.

Imported Food Sampling

The following charges will apply to consignments of imported food subject to an enhanced level of official controls (under Commission Regulation 669/2009)

Check, Countersign and Issue of CED	£46.00*
Formal Sample (10%)	Pro rata £26.00 per hour** plus analysts fees***

*discount will be applied to multiple CEDs in a single consignment

**excludes any port handling fees charged direct by Port of Tyne

***analysts fees will vary depending on type of analysis
