

# **Our North Tyneside**

## **2013-14 Action plan**

Over the last year I have visited community groups across North Tyneside and spoke to people from Whitley Bay to Wallsend and from Camperdown to Cullercoats. I did it because I wanted to listen to our residents concerns.

They told me that they felt that they were not being listened to. They wanted to know that the council and its partners would put them first and would be there to support them.

I am grateful to everyone who talked to me then and to those people who have continued the conversation during the development of this plan.

I've listened to what you have told me and this plan is my challenge to the council and its partners to deliver for you.

This plan covers the big things that need to change and be improved. Alongside this plan we will continue to deliver high quality, value for money services, such as refuse collection and roads and pavements.

Cuts in government funding over the next four years will mean that we need to prioritise what we will do. This plan will help us to do that.

However I know that there is a lot that we can do and that together we can build a better North Tyneside.

<b>1. Our People will</b>	<p>A. Be listened to by services that respond better and faster to their needs.</p> <p>B. Be supported to achieve their full potential, especially our children and young people.</p> <p>C. Be supported to live healthier and longer lives.</p> <p>D. Be cared for and kept safe if they become vulnerable</p>		
<b>Success measures</b>	<ul style="list-style-type: none"> <li>• More people feel that they can influence local decisions.</li> <li>• The gap in educational attainment across the borough has been reduced.</li> <li>• The gap in healthy life expectancy of residents of the borough has been reduced.</li> <li>• More people who use our services feel safe.</li> </ul>
