1. Purpose of Report

To consider a report produced by the Parking Permit Sub-group.

2. Recommendations

1) The Committee are recommended to agree the report and refer it to Cabinet for consideration at its meeting on the 11 July 2016.

3. Details

3.1 The Parking Permit Sub Group was established in November 2015 by the Overview, Scrutiny and Policy Development Committee, on the request of the Cabinet Member for Housing and Transport.

3.2 The Sub-group was asked to review the current permit system and identify ways to improve and simplify the permit system across the borough. In order to structure the review the Sub-group divided the permit parking issues into the following three sections; resident permits; business permits and other /miscellaneous permits.

3.3 As part of the review the Sub-group held discussions with officers, residents and business representatives to garner views on the current system and how it could be improved. The Sub-group has developed proposals aimed at implementing a simplified, more consistent and more effective permit system.

3.4 In total the Sub-group made 18 recommendations which would revise the three elements of the permit system: resident permits; business permits and other/miscellaneous permits. The findings and recommendations can be found in the Permit Parking in North Tyneside Report attached at Appendix 1.
