1. Purpose of Report

To consider a report produced by the Children, Education and Skills Sub-committee's Attention Deficit Hyperactivity Disorder (ADHD) Sub Group.

2. Recommendation

The Committee is recommended to consider and approve the ADHD Sub Group report and its recommendations and refer it to Cabinet.

3. Details

- 3.1 On 16 February 2015, the sub-committee considered a report produced by the authority's Disability and Additional Needs Service which gave an update on ADHD, detailed the recommendations of the clinical guidelines produced by the National Institute for Health and Clinical Excellence (NICE) and provided some local context and information with regards to provision in North Tyneside. The sub-committee agreed to establish a Sub Group in the 2015/16 municipal year to examine the support provided for children with ADHD and their families.
- 3.2 The focus of the study was to be the support provided for children with Attention Deficit Hyperactivity Disorder (ADHD) and their families with the objective of scrutinising current services available for those diagnosed with ADHD, across both social care and health, and to make recommendations on how the current provision could be improved.
- 3.3 The Sub Group met on a number of occasions to receive information and discuss their findings and also met with officers from the local authority. To gain an understanding of the services available in the borough the Sub Group also met with parents, teachers, SENCo's and health professionals. The findings and recommendations of the Sub Group can be read in the full report attached at Appendix 1.
